ENERGIZE AUTHORIZATION FORM

RE: OVERHEAD SECONDARY SERVICE - SUBDIVISION

REQUIREMENTS FOR ENERGIZATION

Prior to Battle River Power Coop (Wire Service Provider) energizing your service, you must ensure that the following requirements are met for your type of service. Once your service is ready, please contact our Utility Billing department and a work order will be issued.

PLEASE NOTE: Battle River's "Cost Efficient Energization Service" includes the Serviceman attending your site only ONCE; if your service is not ready for energization (requirements have not been met), a charge of \$250.00 plus G.S.T. will be applied to your Utility Billing Account each time we have to attend the site. Battle River Power Coop is a not-for-profit organization, operating at cost; efficiency and operations should not be compromised.

The member is required to: provide the meter box on their house, the underground cable up to the transformer pole or o/h service pole on property line leaving 10 meters of wire from ground level and 10' of conduit which is dug in by the member and attached to the pole, Battle River Power Coop will run it the rest of the way up the pole and supply/ complete the connections. Battle River Power Coop will install the meter. You will also be required to provide a permit – see section Permit Required.

PERMIT REQUIRED

INSTALLATION CANNOT BE ENERGIZED BEFORE BATTLE RIVER POWER COOP HAS RECEIVED A COPY OF THE APPROVED ELECTRICAL PERMIT. ALL ELECTRICAL EQUIPMENT INSTALLED MUST CONFORM TO CSA STANDARDS. BATTLE RIVER POWER COOP CANNOT ENERGIZE THE SERVICE UNTIL THE INSPECTION HAS BEEN COMPLETED ON YOUR FACILITIES AND IS ACCEPTABLE TO BOTH THE INSPECTION AUTHORITY AND BATTLE RIVER POWER COOP.

ELECTRICAL PERMIT (NEW SERVICE REQUIRED)
Please check and attach Electrician (print & sign)

ELECTRICAL PERMIT (IF SERVICE HAS BEEN DE-ENERGIZED FOR LONGER THAN ONE YEAR)
Please check and attach Electrician (print & sign)

This document serves as confirmation to Battle River Power Coop (the Wire Service Provider) that the electrical service referenced above has been constructed and complies with applicable codes, standards and regulations under the Alberta Safety Codes Act.
